Sir:

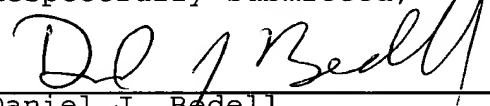

RECEIVED

TC 2800 MAIL ROOM

In reply to the requirement for restriction to one of inventions I (claims 1-12) or II (claims 13-32), applicant elects invention II, claims 13-32.

In response to the requirement for election between species A (FIGs. 9-10), and species B (FIGs. 11,12) the applicant elects species A. The following invention II claims read on species A: 13-18, 26, 27.

Since claims 13, 14, and 16-18 are generic to both species A and B, the examiner is requested to examine each claim dependent on any of claims 13, 14 and 16-18 found to be allowable.

Respectfully submitted,
